DETAILED ACTION

1. The Amendments and Applicant Arguments submitted on 01/28/10 have been received and its contents have been carefully considered. The examiner wishes to thank the Applicant for the response to the Examiner's action and for amending the claims in the appropriate manner.

Election/Restrictions

2. Claim 1 is allowable. The restriction requirement among Species I-IV, as set forth in the Office action mailed on 11/03/08, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.**

Claim 5, directed to Species I is no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, **claims 6 and 9-10**, directed to Species II and III respectively remain withdrawn from consideration because they do not all require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Pous, attorney in record, on 02/16/10.

The application has been amended as follows: **Claims 6 and 9-10 are cancelled.**

Claims 4, 6-7, 9-10, 18 and 19 are cancelled.

Claims 1-3, 5, 8 and 11-17 are pending for examination.

Allowable Subject Matter

4. Claims 1-3, 5, 8 and 11-17 are allowed.

The following is an examiner's statement of reasons for allowance: The cited prior art do not teach or suggest limitation the restraining portion is a pressing member

capable of displacement into and out of contact with the governor sheave; and the pressing member is pressed against the governor sheave through the governor rope upon activation of the electromagnetic actuator. The combination of the claimed limitations in claim 1 is not anticipated or made obvious by the prior art of record in the examiner's opinion.

Conclusion

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kawing Chan whose telephone number is (571)270-3909. The examiner can normally be reached on Mon-Fri 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Walter Benson can be reached on 571-272-2227. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
